PROFILE SUMMARY

I am a passionate Computer Systems Engineering student from Pretoria, South Africa, currently studying at Tshwane University of Technology. With a passion for problem-solving and an analytical mindset, I specialize in designing intuitive solutions across various domains, including computer vision, machine learning, web development, and software development.

WORK EXPERIENCE

MICT SETA

2024 - 2025

WIL Intern

- Applied theoretical knowledge to real-world projects in computer vision, machine learning, and software development.
- Improved problem-solving, teamwork, and understanding of industry practices.

EDUCATION

Diploma in Computer System Engineering DPYE20

Tshwane University of Technology

2021 - 2024

National Senior Certificate Bachelor Grade 12

Ziphakamiseni Secondary School

2019
